

Hello,

I am writing to state my desire that the CT legislature pass the Liability Law reforms found in the following Bills: SB 43, SB 90, and HB5254. I urge the CT legislature to support these bills so that my access to the outdoors will not be compromised by ridiculous lawsuits brought about by people who are not willing to take responsibility for their own actions. I am a CT voter and taxpayer and I am asking the CT legislature to please support Bills SB 43, SB 90, and HB5254. Thank you.
